

IB DP Physics: Extended Essay Planning Portfolio

Page 1: Administrative Profile & Physics Registry

Student Name: _____

Extended Essay Subject: Physics: _____

Supervisor Name: _____

Physical Phenomenon Focus: _____

Underlying Theoretical Framework/Laws: _____

Pre-Submission Checklist

- ☐ Falsifiable hypothesis formulated using physical principles
- ☐ Method for logging absolute/proportional uncertainties defined
- ☐ Data collection approach avoids unmanageable or hazardous setups

- Pre-Submission Checklist**

 - ☐ Falsifiable hypothesis formulated using physical principles
 - ☐ Method for logging absolute/proportional uncertainties defined
 - ☐ Data collection approach avoids unmanageable or hazardous setups

Page 4: Error Propagation, Linearization & Research Question Formulator

Graphical Linearization Strategy & Uncertainty Bar Mapping

Plan variable transformations (e.g., log-log plotting) and determine lines of absolute best and worst fit:

The Independent Physical Variable

->

The Dependent Physical Response

->

The Systemic Assumptions/Constraints

Finalized Physics Research Question Draft

Systemic Discrepancies: Theoretical Models vs. Empirical Data
